No. 65.—*Notification.*—The following is republished for general information:—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

The conditions under which the scholarship is tenable, and the rules for State Technical Scholars in England, are appended to this notification. The selected candidate will have to leave India by the middle of August, 1908.

Applications for the scholarship should be submitted to the Director of Public Instruction, Punjab, through the Commissioner of the division, so as to reach the former not later than the 15th March, 1908. Full particulars regarding the applicant's education, practical experience, character, physique, etc., should be stated in each application.

J. C. GODLEY,

Offg. Under-Secy. to Govt., Punjab,

Home (Education) Dept.

CONDITIONS.

1. The Government of India have decided to allot to the Punjab one State Technical Scholarship annually to enable natives of India to pursue a course of study in Great Britain or other Western countries. The object is to qualify them to assist in promoting the improvement of existing native industries and the development of new industries, wherever this may be possible.

2. His Honour the Lieutenant-Governor has been pleased to select the Textile Industry, for the study of which the current year's scholarship will be awarded.

3. The value of each scholarship has been fixed at £150 a year in addition to fees and travelling expenses; but if in any particular case this sum is regarded as insufficient, the Government of India will consider proposals for increasing it.

4. The scholarships are tenable in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country selected for study. Each scholarship will be held for an average period of two years, which may be increased or reduced in special cases.

5. The scholarships are tenable by persons who are natives of India within the meaning of Section 6 of Statute 33 Victoria, Chapter 3. A competent knowledge of English or of the language of the country selected for study will be expected.

6. No age limit has been fixed, but Government may limit the age in particular cases.

7. Candidates will be required to submit certificates of good moral character and physical fitness.

8. The selection of candidates will not be determined by examination; Government will be guided by consideration of the candidate's capacity, intelligence, previous training, practical interest in the industry selected, and the assurance that he will devote himself to it on his return to India.

9. The scholars while in England or elsewhere will be under the control of the Secretary of State. Progress reports will be required from time to time, and when these are unsatisfactory, the scholars may be required to return to India.

10. After training no scholar will be bound on his return to India to take service with Government or a private firm, but he will be expected to avail himself of any suitable opportunity offered for the useful application of the results of his training.

RULES.

1. Every scholar shall, on reaching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

2. Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

3. Every scholar shall, within four weeks of reaching England, submit, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow; and the course approved shall not be changed without the sanction of the Secretary of State.

4. Every scholar shall, at the end of each term of residence at a University or College, submit to the Secretary of State a certificate from the proper University or College authority, showing that his residence, conduct and progress in study have been satisfactory during the term.

5. Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

6. Subject to a due compliance with the above conditions, the allowance, at the rate of £150 a year for two years, or three years, if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England; but this allowance shall be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University or College during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Accountant General, India Office, S. W.

Charges for hotel bills are not defrayed.

7. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 3, or who is guilty of misconduct or disregard of the orders of the Secretary of State. If a scholarship be forfeited, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

8. The scholars will be under the special supervision and charge of the Political Aide-de-Camp to the Secretary of State, through whom the necessary orders will be given, and to whom all reports and other communications respecting them should be sent.

Extract from a despatch from the Secretary of State, regarding certain additional conditions which it is proposed to embody in the rules.

* * * * * *

5. With your concurrence, I propose also to embody the substance of Mr. Heaton's recommendations in the "Rules for Indian Government Technical Scholars in England", a copy of which is sent to every scholar on his arrival. The new paragraphs would be as follows:—

"(a) Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

"(b) Every scholar will be required to keep a concise daily diary, to be certified by the authority under whom he is working, and to be submitted through that authority to the Secretary of State for transmission to India. He must also submit, in the same way, from time to time, full notes of the work on which he is employed.

"(c) Scholars will be expected to continue their studies during the summer vacations of the institutions where they are working, with the exception of three weeks in each year. Vacation study should, when possible, take the form of practical work."

The 29th January 1908.

While it is the duty of officers of the Government to enforce the just rights of the Government and to protect its interest, the law should not be appealed to until all efforts have been made to effect an amicable adjustment, and the case for the Government has been inquired into departmentally and evidence secured on all points which are likely to be contested.

(*2*) No person having a just claim against the Government should be compelled to resort to litigation to enforce it.

NOTE.—When any person threatens to bring a suit against the Government it is incumbent on the proper departmental officers and controlling authorities to satisfy themselves without delay of the justice or otherwise of the whole and every part of the claim made: all reasonable efforts being made to bring about an amicable adjustment, without an appeal to the law, so far as this can be done without sacrificing the just rights of the Government.

The object of the notice prescribed by section 424 of the Code of Civil Procedure is to allow ample time to the Government to enquire into the justice or otherwise of all claims and to effect a settlement of all just claims before a suit is brought, and the best use should be made of the opportunity thus given by the law towards equitably and amicably adjusting claims.

COMMUNICATIONS WITH THE OPPOSITE PARTY.

Communications to the opposite party to be made "without prejudice," Tender.

3. All communications made to the opposite party, on the subject of matters in respect of which it is possible that a suit may ensue, shall be headed "without prejudice," and, if made orally, shall be stated to be made "without prejudice."

NOTE.—No admission is relevant, or can be proved in evidence, if it is made upon the express or implied condition that evidence of it is not to be given, but there must be no mistake as to the intention of the party making it.

No officers shall grant copies of any such documents, during the pendency of any dispute or suit to which they in any way relate, to any person other than to a proper officer of the Government or to the officer in charge of the case; and no such copies shall be granted at any time after the final decision of the suit without the previous sanction of the head of the department concerned.

5. When, in complying with the requirements of any of these rules, it is thought necessary to transmit any document, in original, to any officer of the Government or to the officer in charge of the case, a certified copy thereof is to be retained in the office of issue, and the original document is to be sent by registered post.

MEDICAL AND SANITARY.

Proceedings of His Honour the Lieutenant-Governor of the Punjab, in the Home (Medical and Sanitary) Department. No. 203, dated 26th February 1908.

READ—

Proceedings of His Honour the Lieutenant-Governor, in the Home (Medical and Sanitary) Department, No. 885, dated the 26th June 1901.

Government of India, Home Department, resolution No. 190—202, dated 27th November 1906, and letter No. 89, dated 10th May 1907.

Punjab Government letters Nos. 205 (Home—Medical and Sanitary), dated 6th March 1907, and 501, dated 1st June 1907, to the Sanitary Commissioner and all Commissioners in the Punjab, and replies thereto.

Punjab Government letter No. 906, dated 20th November 1907, and reply thereto.

RESOLUTION.—The resolution of this Government, dated the 26th June 1901, reiterated the position as regards the reorganisation of the Vaccinaation Department into two staffs,—special and district, and ruled that the cost of the special staff, which was subordinated to the then two Deputy Sanitary Commissioners, should be paid from provincial funds, and that the cost of the district staff should be paid by district boards and municipal committees to the extent to which members of the department might be employed under each of these local bodies, respectively.

2. In their resolution of the 27th November 1906 the Government of India stated that the system under which vaccinators, though paid from local funds, are nevertheless held to be pensionable from general revenues, is open to objection, and that there was no reason why any distinction should be made between them and any other class of local fund employés. They did not accept the view that vaccination establishments should be on a provincial basis, and (though paid by local bodies) should be wholly under the administrative control of the provincial sanitary authorities. They thought therefore that the time had come to place vaccinators on the same footing as other local fund employés, and directed—

(1) that for the future vaccinators should not be enrolled as servants of Government, nor be employed as a provincial establishment;

(2) that vaccinators hereafter employed by local bodies should be wholly under their administrative control, and should be on the same footing as other local employés; and

(3) that existing incumbents should retain their present rights to pension from Government, where such rights exist.

In their letter No. 89, dated the 10th May 1907, it was explained that the above orders did not apply to the supervising staff.

3. In order to give effect to these directions His Honour is pleased to issue the following instructions.

4. In view of the duties performed by members of the special staff, it will continue under the direct control of the Sanitary Commissioner and be paid for by general revenues. It will consist of 2 Superintendents and 14 vaccinators. Six of the latter will be attached to the Vaccine Institute, and eight will be utilised to perform vaccinations in the Simla Hill States throughout the year and to supply leave vacancies in the Institute staff. The two extra vaccinators of the present staff will be absorbed into the district staffs as vacancies occur.

5. As regards the district staffs, the Government of India have ruled that existing incumbents shall retain their pensionary rights, and the provisions of clauses (*f*) and (*g*) of article 763 of the Civil Service Regulations covers their case. The immediate control of vaccinators will in future be exercised by

local bodies after consultation with the Civil Surgeon, and in the case of the existing establishment, who have pensionary rights, the Sanitary Commissioner's concurrence shall be obtained before a vaccinator is retired or dismissed. This provision will apply to the existing (pensionable) establishment only. To enable vaccinators to receive grade promotion, which would otherwise be difficult to regulate in the small staff of a district, His Honour is pleased to rule that for the future vaccinators shall be promoted, subject to the condition of good conduct and efficient work, according to length of service instead of being promoted as vacancies occur in the higher grades. The following scale will apply :—

Promotion to 3rd grade	...	...	...	12 years' service.
Promotion to 2nd grade	...	...	...	17 years' service.
Promotion to 1st grade	...	...	...	23 years' service.

The rates of pay already laid down by Government for the different grades will be adhered to when vaccinators become the servants of local bodies.

6. The statements prepared by the Sanitary Commissioner and appended to this resolution give in detail the establishments employed by municipal committees and district boards, respectively. In all cases where a municipality pays for a portion only of a vaccinator's services, the employé in question shall be considered a district board servant. Beyond this the statements do not indicate the existence of any difficulties in effecting the proposed transfer.

7. Provincial contributions will be maintained in cases such as that of Miánwáli where the district fund is too poor to afford the charge.

ORDER.—Ordered that a copy of the above resolution be published in the *Punjab Gazette* (English and Urdu), and that a copy be forwarded to the Inspector-General of Civil Hosptials, Punjab, for information and guidance, and also to all Commissioners of divisions in the Punjab, for information and guidance and communication to all district boards and municipal committees.

Ordered also that a copy be forwarded to the Sanitary Commissioner, Punjab, for information and guidance, with reference to the correspondence ending with his letter No. 31—3714, dated the 24th December 1907.

By order of His Honour the Lieutenant-Governor,

Secretary to Government, Punjab.

The Inspector shall consider and dispose of such objections after making such enquiry as he may deem necessary, and shall make up his register of factories in accordance with the provisions of the Act.

Provided also that, subject to the control of the Commissioner, the Inspector, or with the consent of the Inspector a Joint Inspector, may, for reasons to be recorded in writing, relax the conditions of this rule where in his opinion this may be done with due regard to the health of the factory hands employed in any particular room or rooms of a factory.

25 When a child is first employed the particulars recorded in the certificate shall be copied by the occupier of the factory in the register (form C) prescribed in rule 19, and the name of the factory and the date of employment shall be endorsed on the back.

26. When a child ceases to work in a factory the occupier shall enter the date of discharge on the back of the certificate and shall sign it.

SCARCITY.

The 23rd April 1908.

No. 39.—*Notification.*—The following notifications of the Government of the United Provinces are republished for general information :—

GOVERNMENT, UNITED PROVINCES.

SCARCITY DEPARTMENT.

The 25th March 1908.

No 951—1-1908.

It is hereby notified for general information that owing to the failure of the seasonal winter rains in the Garhwál district of the Kumaun division it is apprehended that following on a poor *kharif* there will be a failure of the *rabi* harvest in that district, with a consequent scarcity of grain, and that whatever prices pilgrims to the shrines of Kedárnáth and Badrináth in the Garhwál district may be willing to offer, it is possible they may not be able to secure the food they want. Consequently, in their own interests, pilgrims are strongly recommended to defer their pilgrimage to a more favourable year.

The 7th April 1908.

No. 116—S.-61.

In continuation of notification No. 951 of the 25th of March 1908 in which publication was made of the existing scarcity in the Garhwál district in consequence of the failure of the crops, and pilgrims were recommended to defer their pilgrimage, it is hereby notified that the Lieutenant-Governor

has now received from the Commissioner of Kumáun a letter from the Rawal of Badrínáth of which a translation is appended. In consequence of this letter and of the recommendations made by the Commissioner, the Lieutenant Governor has determined to post an officer of the standing of a tahsildar at Lachman Jhúla to stop pilgrims from crossing the bridge there and making their way up to Badrínáth and Kedárnáth.

Translation of the Khat of the Rawal of Badrínáth, No. 22, dated 26th March 1908.

This year for some days past I have been thinking about the pilgrimage. The rain failed during the *kharif* season and the outturn of the crops was very poor. The *rabi* germinated well and it was hoped that we would have a good harvest. But the rain has not fallen when most wanted and the hopes of having a good *rabi* crop are every day becoming more and more remote. The pilgrims are always supported partly by the surplus grain of last year, and partly by the produce of the year of the pilgrimage. There is very little surplus grain of the last year, and we do not expect to get much from this year's crop. Whatever is obtained from it will certainly not be enough for the sustenance of the inhabitants of the district. It is therefore very difficult to provide food for pilgrims. What little may be provided will sell at very high rates, and poor people will find it very difficult to travel through this division for a month and a half, while buying grain at such dear rates. Although the temple will suffer by non-arrival of pilgrims, still I am constrained to address the Commissioner on the subject, and ask him to notify to the people widely that this year, owing to scarcity in Garhwál, they will feel great difficulty in getting food supplies, and the Commissioner will please have this done. If a notice of this fact is now given widely to the pilgrims, they will have no complaint to make hereafter that they did not get notice of the scarcity of grain in Garhwál in good time.

E. D. MACLAGAN,
Chief Secretary to Government, Punjab.

RULES.

1. For the present five posts in the Punjab Provincial Forest Service will be filled by direct appointment. Candidates for these appointments will be sent to the Imperial Forest College at Dehra Dun, United Provinces, to follow the ordinary curriculum for a period of two years, during which they will receive a stipend of Rs. 50 a month. If, at the end of this period, they have obtained the Higher Standard certificate of the College, they will follow the third year's course at the College, receiving a stipend during that year of Rs. 100 a month.

2. On the expiry of the third year's course, provided the Principal of the College gives them a certificate that they have satisfactorily completed their training, they will enter the Punjab Forest Department as probationary Extra Assistant Conservators of Forests on Rs. 150 a month. After three years' approved service on probation, they will be appointed permanently to the Punjab Provincial Forest Service, on the occurrence of a vacancy in one of the posts reserved for them. These posts carry pay varying from Rs. 200 a month to Rs. 550 a month, promotions from grade to grade being regulated by seniority combined with practical efficiency. Proposals for the improvement of the pay of the Provincial Forest Service are now under consideration.

3. Applications must be forwarded to the Conservator of Forests, Punjab, through the Deputy Commissioner, or the Divisional Forest Officer, of the district in which the candidate resides. They must reach the Conservator of Forests, Punjab, not later than the 1st July each year.

4. Nominations will be given by the Lieutenant-Governor on the recommendation of the Conservator of Forests, Punjab.

5. Candidates for direct appointments must possess the following educational qualifications. They must have passed either—

(*i*) the B. A., F. A., B. Sc., or Licentiate of Agriculture Examination, or

(*ii*) the matriculation examination, where no school final examination exists, or

(*iii*) the school final examination, provided the candidate can show that he has qualified in English and Mathematics up to the matriculation standard or for European candidates, a certificate of having passed the High School Examination with a similar proviso.

They must also satisfy the Conservator of Forests, Punjab, by means of an interview, that they have sufficient command of the English language to be able to understand the Dehra Dun College lectures.

6. They must also have the following qualifications :—

(*a*) A candidate must be a native of India as defined in statute 33 Vic., chapter 3, section 6, or a subject of a Native State in India; he must be domiciled in the Punjab or a Native State under the political control of the Punjab Government, and must have recently resided for not less than three years in the Punjab or such Native State; or he may be a European British subject who has resided for not less than three years in the Punjab.

(*b*) He must not be less than 18 years of age, nor, except in special cases, more than 25 years of age on the 15th October of the year preceding his admission to the Forest School.

(*c*) He must have a health certificate in the form prescribed by article 49 of the Civil Service Regulations, 4th edition, signed by the Civil Surgeon of the district through whose Deputy Commissioner or Divisional Forest Officer the application of the candidate is forwarded, and testifying to the candidate's sound constitution, good vision and hearing, as well as to his general physical fitness for a rough out-door life in the Forest Department, and to the fact that he bears on his body marks of successful vaccination for small-pox.

(*d*) He must give satisfactory evidence of (*i*) good moral character, (*ii*) good physique, (*iii*, habits of personal activity, and (*iv*) gentlemanly bearing.

(*e*) If Urdu is not his vernacular, he must have passed the examination in that language by the Lower Standard, as laid down in the Army Regulations, India. I it is his vernacular, he must give satisfactory evidence that he can read Urdu fluently and write the Persian character with facility.

7 In addition to the qualifications mentioned in rule 6, the applicant must possess at least one of the following further qualifications, that is to say, he must be either —

(*a*) a member of a family of tried loyalty and distinguished service ; or

(*b*) a person of good social status and influence in the country ; or

(*c*) a member of a class whose introduction into the public service the Government desires specially to encourage.

Explanation.—Clause (*a*).—The mere fact that a man's father or other relation has served with credit as an official does not give a claim under this clause. Such claim arises only by reason of really distinguished services, or some conspicuous act of loyalty performed by the father or grand-father or other very near relative.

Clause (*b*).—A claim under this clause does not arise from mere respectability of status, or influence, such as that which a member of a municipal committee may have in his town, but from high social status, such as that of a member of a family having an unofficial seat in Darbar or territorial influence due to great wealth.

8. Should it happen that there are not sufficient vacancies at the college for all the students nominated for the third year's course immediately they have completed the first two years course,—

(*a*) they will be allowed to take the third year's course immediately vacancies occur; and

(*b*) while they are waiting for such vacancies, they will be appointed as Forest Rangers on the Punjab Establishment on the pay of Rs. 80 (rupees eighty) a month, for the first year they may be kept waiting, and thereafter they will receive pay at the rate of one hundred rupees a month until they are sent to the college for the third year's course.

9. With five direct appointments one may be expected to fall vacant every four years; should the number be extended, vacancies will of course occur with greater frequency.

7. Register B will consist of persons not already in the service of Government or of persons in such service who are otherwise eligible under these rules and who may be specially recommended for entry; but any official on Register A may, if he is otherwise eligible under these rules with the permission of the Lieutenant-Governor, have his name transferred to Register B, and may, if he fails in the competition and the Lieutenant-Governor so directs, be restored to Register A in such place as may be considered appropriate.

8. Subject to the provisions of rule 6 every accepted candidate on Registers A and C or successful competitor will be eligible for appointment to the Provincial Civil Service.

9. Subject to the provisions of rule 4 no member of the Provincial Civil Service shall be dismissed otherwise than on the result of a judicial or formal departmental inquiry.

Nomination to Register A.

10. The maximum number of candidates who will at any one time be shown as accepted candidates on Register A shall be 32, of whom 11 will be nominated from the list of the Chief Court, 17 from the list of the Financial Commissioner, and 4 by the Lieutenant-Governor on the recommendation of the heads of departments. The Lieutenant-Governor may alter these numbers as occasion may require, and he will from time to time make selections to fill vacancies in the register.

11. Recommendations will be submitted by the Honourable Judges of the Chief Court, the Financial Commissioner and heads of departments from time to time when called for, and should be made in the Form A attached to these Rules.

12. Except with the previous sanction of the Lieutenant Governor, the recommendations of the Honourable Judges of the Chief Court will be limited to Barristers, Advocates, Pleaders of the Chief Court, Munsifs, and Clerks of Court in Divisional Judges' offices; and those of the Financial Commissioner to Tahsildars and Head Clerks of Commissioners' and Deputy Commissioners' offices and officials who are serving under the Financial Commissioner, Punjab, the Settlement Commissioner, Punjab, the Conservator of Forests, Punjab, the Inspector-General of Registration, Punjab, Excise Commissioner, Punjab, Directors of Land Records and Agriculture, Punjab, and the Meteorological Reporter to the Government of the Punjab whom the Financial Commissioner specially selects as suitable for nomination to Government for the post of Extra Assistant Commissioner.

13. No candidate shall be recommended by the Honourable Judges of the Chief Court or the Financial Commissioner unless he has passed the departmental examination prescribed for Extra Assistant Commissioners by the higher standard in all subjects in which he is liable to examination or been specially exempted by Government from passing.

14. Barristers, Advocates and Pleaders who have been accepted by the Honourable Judges of the Chief Court as nominees for the post of Extra Assistant Commissioner are exempt from passing the departmental examination of Extra Assistant Commissioners in Criminal and Civil Law. The Honourable Judges should thoroughly satisfy themselves that such candidates have a competent knowledge of law, and that they have been at least three years actually practising their profession in the Punjab, and can speak the provincial vernacular before accepting them as candidates for the post of Extra Assistant Commissioner. Should such candidates exceed the age of 30 years before appointment as Extra Assistant Commissioners, their names will be removed from the register of candidates.

15. Candidates accepted on the recommendation of heads of departments will be first borne on a subsidiary register and will not be admitted to Register A until they have completed the departmental examination by the higher standard in all subjects in which they are liable to examination or have been specially exempted by Government from passing. They will render themselves liable to have their names removed from the list of accepted candidates if they fail to complete the departmental examination by the higher standard within six examinations from the date of their acceptance.

16. Authorities submitting nomination rolls should satisfy themselves that the candidates are physically and mentally suited for the post of Extra Assistant Commissioner, special regard being had to the executive duties which they will have to perform.

17. If any authority who has recommended a candidate sees subsequent reason to modify or withdraw his recommendation, he is expected to communicate the fact to Government without delay.

Qualifications necessary for nomination to Registers B and C.

18. The qualifications which are indispensable for nomination to Registers B and C are the following:—

(*a*) The applicant must be a native of India as defined in Statute 33 Vict. Cap. 3, Section 6, or a subject of a native state in India; he must be domiciled in the Punjab or a native state under the political control of the Punjab Government, and must have recently resided for not less than three years in the Punjab or such native state; or he may be a European British subject who has resided for not less than three years in the Punjab.

(*b*) He must not be under 21 or over 25 years of age last birthday.

(NOTE.—Candidates for Register B who attain the age of 25 years before the next ensuing 1st day of October are not eligible for acceptance and should not be recommended.)

(d) He must furnish the certificate of physical fitness prescribed by article 49 of the Civil Service Regulations.

(e) He must give satisfactory evidence of (i) good moral character; (ii) good physique; (iii) habits of personal activity; and (iv) gentlemanly bearing.

(f) If Urdu is not his vernacular, he must have passed the examination in that language by the lower standard, as laid down in the Army Regulations, India. If it is his vernacular, he must give satisfactory evidence that he can read Urdu fluently and write the Persian character with facility.

19. In addition to the qualifications mentioned in rule 18 the applicant must possess at least one of the following further qualifications, that is to say, he must be either—

(a) a member of a family of tried loyalty and distinguished service; or

(b) a person of good social status and influence in the country; or

EXPLANATIONS—*Clause* (a)—The mere fact that a man's father or other relation has served with credit as an official does not give a claim under this clause. Such claim arises only by reason of really distinguished services or some conspicuous act of loyalty performed by the father or grandfather or other very near relative.

Clause (b).—A claim under this clause does not arise from mere respectability of status, or influence such as that which a member of a Muncipal Committee may have in his town, but from high social status such as that of a member of a family having an unofficial seat in darbar or territorial influence or influence due to great wealth.

Clause (c).—This qualification will not be accepted as sufficient of itself, except in the case of University candidates.

Nominations to Register B.

20. Recommendations should be submitted by the Honourable Judges of the Chief Court and the Financial Commissioner once a year in the first fortnight in November, and should be made in the Form B attached to these rules. The Lieutenant-Governor will also be glad to receive recommendations in the Form B (omitting columns 9, 10 and 11) from the Senate of the Punjab University in the first fortnight of November. From the candidates recommended by the Chief Court, the Financial Commissioner and the University the Lieutenant-Governor will select such as he considers suitable and cause their names to be entered in Register B.

21. The number of names to be borne on the register will not for the present exceed twenty-eight at any one time, and of this number not more than sixteen shall be nominees of the Chief Court or the Financial Commissioner and not more than twelve shall be nominees of the Punjab University. The Lieutenant-Governor may alter this number as occasion may require.

22. Every candidate whose name is admitted to the register will receive a certificate in the Form C attached to these rules. The certificate will be forwarded through the authority by whom the candidate was recommended.

23. Recommendations on behalf of candidates not accepted may be again submitted in future years if not finally rejected by the Lieutenant-Governor, and if the candidates continue to be eligible under these rules.

24. The Lieutenant-Governor may, for reasons which appear to him sufficient direct the removal of any name from Register B.

Appointments offered for competition.

25. Of the vacancies occurring in the post of Extra Assistant Commissioner, ordinarily two in each year will be given to probationers appointed by competition in the manner described in this rule and in rules 26 to 29.

The two annual probationer appointments will be given in order of merit, one to the first in order of merit among the nominees of the Punjab University and the other to the first in order of merit among the nominees of the Chief Court and the Financial Commissioner.

26. The name of every candidate who fails to obtain the special medical certificate of fitness required by rule 31, or to gain an appointment at the two annual examinations, or if he has only one chance, the examination, immediately following his acceptance, shall be removed from the register.

27. If a sufficient number of candidates do not appear at or pass the examination, the appointments remaining unfilled will be held available for deserving officials on Register A, or for direct appointments from Register C.

28. A probationer, who has not served in a settlement or as a Tahsildar, will be required to serve for nine months in a settlement and will afterwards be attached to a district office for three months for the purpose of learning treasury work. Probationers will be required to obtain within one year after their appointment as such a certificate of proficiency in riding from such person or persons as may be nominated by Government for the purpose.

29. The probationer will receive pay at the rate of Rs. 75 per mensem until he passes the departmental examination for Extra Assistant Commissioners in all subjects in which he is liable to examination by the lower standard. His pay will then be increased to Rs. 150 per mensem, and it will be further increased to Rs. 200 per mensem on his qualifying by the higher standard. When a probationer has completed two years' training passed the departmental examination by the higher standard, and furnished the riding, certificate required by rule 28, he will, if his service is approved of, be appointed an Extra Assistant Commissioner as soon thereafter as a vacancy occurs in the lowest grade of Extra Assistant Commissioners.

The Competitive Examination.

30. A competitive examination will be held annually at Lahore, about the middle of October, commencing on such date as may from time to time be notified in the Gazette.

31. Any candidate admitted to Register B may, subject to the provisions of rule 26, present himself at any competitive examination held under these rules, provided that he has on or before the 1st October signified in writing to the Commissioner of the division in which he resides his intention to do so and produces a special certificate of fitness for the public service from the Standing Medical Board at Lahore. The date on which candidates should present themselves before the Board for examination will be communicated to them, and those who are unable to satisfy the test prescribed will not be admitted to the competitive examination.

32. A fee of Rs. 30 shall be paid by every candidate before admission to the competitive examination. A like fee shall be paid on each occasion on which a candidate is admitted to examination. The fee may be paid into any Government Treasury.

33. Every candidate shall produce his certificate of admission to Register B, and the Treasury receipt for the fee, on the first day of the examination and before the first paper is given out. The officer superintending the examination will retain the Treasury receipt for the admission fee, but will return the certificate after noting on it the examination to which admission has been made.

34. The examination papers shall be set, marks awarded and the results announced by the following Committee of Examiners, who will be jointly responsible for the scrutiny of the papers, awards and results, before the results are announced:—

The Director of Public Instruction, Punjab, *President*;

such other persons as may be nominated Examiners by the President.

An officer will be appointed Secretary to the Committee of Examination. The Secretary of the Committee shall conduct the examination and all correspondence connected therewith, and shall act generally under the orders of the President of the Committee.

35. The Lieutenant-Governor will from time to time declare what subjects shall be fixed and what shall be optional. For the present there shall be three fixed and three optional subjects. The subjects of competitive examination are the same for all candidates, and the questions may be answered either in English or Vernacular. Every candidate must take up all the fixed subjects, and may take up not more than two of the optional subjects.

The fixed subjects shall for the present be (1) Composition, (2) Indian Law and Revenue, and (3) Mathematics.

The optional subjects shall be (1) Elementary Principles of British Government, (2) History, and (3) a Classical Language.

Unless one-half of the maximum number of marks is obtained in any optional subject taken up by a candidate, his marks for that subject shall not be counted in the examination.

37. The candidates who qualify shall be arranged in order of merit, according to the aggregate number of marks obtained by them, respectively, in all subjects taken up under rule 35 in which they have qualified, but appointments will be awarded in accordance with rule 25.

Nomination to Register C.

38. Selections will be made from time to time by the Lieutenant-Governor from nominations submitted to him by Commissioners and the Principal of the Aitchison College in Form B attached to these rules. The recommending authorities will submit their nominations once a year on 1st May and will carefully consider the claims of all the candidates and submit the rolls of not more than two of those who appear to be best qualified, noting briefly the names and other particulars of those candidates whose applications have not been forwarded. In selecting candidates from those recommended, preference will be shown for suitable candidates who have been educated at the Aitchson College as compared with equally suitable candidates who have not been educated at that institution, but if a candidate who is clearly the best, has not been educated at the Aitchison College, this will be no bar to his selection.

39. A candidate who has been accepted on Register C will be permitted to appear at the departmental examination of Extra Assistant Commissioners before he is appointed a Probationary Extra Assistant Commissioner, but his passing the examination by either standard will not give him a preferential right to be appointed a Probationer. The Lieutenant-Governor may at any time, for reasons which appear to him sufficient, direct the removal of any name from Register C, and with reference to article 51 (*a*) (*i*) of the Civil Service Regulations the name of any candidate who is not appointed a Probationary Extra Assistant Commissioner before he exceeds the age of 30 years shall be removed from the Register.

No. 1111.—*Notification.*—The following is republished for general information:—

Extract from the Proceedings of the Government of India in the Home Department (Public), No. 2831-42, dated 8th December 1899.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this resolution, signed by the head of the district (in a Presidency Town the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

The 7th September 1908.

No. 509.—*Notification.*—The following is published for general information:—

No. 8463—55, dated Simla, 10th September 1908.

From—B. ROBERTSON, Esquire, C.I.E., I.C.S., Secretary to the Government of India, Department of Commerce and Industry.

To—The Chief Secretary to Government, Punjab.

WITH reference to the correspondence ending with Mr. Kettlewell's letter No. 270, dated the 15th April 1907, to the Secretary to the Government of India in the Foreign Department, I am directed to say that the Government of India have been pleased to sanction the proposal to facilitate trade with Chinese Turkistan by the Hoshiárpur-Leh route, and have framed certain rules

for the treatment of claims for the exemption from import duty of goods transmitted under customs seal *viâ* Hoshiárpur and Leh to Chinese Turkistan. These rules are set forth in the accompanying memorandum and will come into force at once.

2. I am to request that, with the permission of His Honour the Lieutenant-Governor, the necessary arrangements may be made in regard to the procedure to be observed at the bonded warehouse at Hoshiárpur.

MEMORANDUM.

Treatment of claims for exemption from import duty made in respect of goods transmitted under Customs seal by the Hoshiárpur-Leh route, through British India and the territories of His Highness the Maharaja of Kashmir and Jammu, to Russian and Chinese Turkistan.

I.—*Procedure at the Custom House.*

1. Customs duty should be levied on all goods liable to such duty imported into India and declared and sealed for transmission to Russian or Chinese Turkistan by the Hoshiarpur-Leh route.

2. Such goods should be brought by the owner to the Custom House for examination and identification as in the case of imported goods exported to foreign ports under claim for drawback, and the owner should present, with the goods, an application in Form A.

3. After identification of the goods, and if the Collector is satisfied that the conditions prescribed in the case of goods on which drawback is claimable have been fulfilled, the packages should be sealed, and an invoice in Form B. prepared by the Customs authorities for delivery to the owner, who may then remove the goods. The counterfoil of the invoice should be retained in the Custom House and the details should be entered in a separate register to be maintained for the purpose (Form C).

4. The Customs Authorities should send direct and immediately to the officer in charge of the Bonded Warehouse for *charas* at Hoshiarpur, a duplicate of the invoice (Form B).

II.—*Procedure at the Bonded Warehouse at Hoshiárpur.*

5. Goods in respect of which an invoice has been granted under rule 3 should be forwarded, together with the invoice, without delay, to the Bonded Warehouse at Hoshiarpur, where the officer in charge of the Warehouse should examine and compare the packages with the invoice. If the seals are intact, and the packages and their contents correspond with the description in the invoice, an entry of the details should be made in a register to be maintained in Form C by the officer in charge of the Warehouse ; the invoice, which accompanied the goods, should be returned to the exporter duly attested, and the goods should be allowed to proceed on their onward journey to Leh. The duplicate of the invoice forwarded to the officer in charge of the Warehouse by the Customs Authorities under rule 4, should at the same time be despatched by post to the Assistant Resident for Leh.

Provided that if the seals appear to have been tampered with, or the goods do not correspond with the invoice, the fact shall be reported by the officer in charge of the Warehouse for the orders of the Deputy Commissioner, Hoshiarpur, and the goods shall be kept in deposit pending such orders.

The Hon'ble Mr. Justice Pratul Chandra Chatarji, M.A., B.L., C.I.E., Rai Bahadur, retires from the Chief Court of the Punjab to-day after a service in that court of over fourteen years, and as this is the first occasion on which an Indian gentleman has retired from the court after so long a term, the Lieutenant-Governor desires to place on record his sincere appreciation of the services which Mr. Chatarji has rendered to the people and the Government of the province in which he has spent so large a portion of his life. These services have been displayed not only at the Bar and on the Bench, but also in many other spheres of usefulness, more especially in connection with educational questions, and it is a source of satisfaction to the Lieutenant-Governor that although Mr. Chatarji now leaves the Chief Court, he will continue to render valuable aid to the province in the capacity of Vice-Chancellor of the Punjab University.

GENERAL.

The 5th November 1908.

No. 1320.—*Notification*.—The following is published for general information.

His Majesty the King Emperor's Message to the Princes and Peoples of India.

1. It is now fifty years since Queen Victoria, my Beloved Mother, and my August Predecessor on the Throne of these Realms, for divers weighty reasons, with the advice and consent of Parliament, took upon herself the government of the territories theretofore administered by the East India Company. I deem this a fitting anniversary on which to greet the Princes and peoples of India, in commemoration of the exalted task then solemnly undertaken. Half a century is but a brief span in your long annals, yet this half century that ends today will stand amid the floods of your historic ages, a far-shining landmark. The Proclamation of the direct supremacy of the Crown sealed the unity of Indian government and opened a new era. The journey was arduous, and the advance may have sometimes seemed slow; but the incorporation of many strangely diversified communities, and of some three hundred millions of the human race, under British guidance and control has proceeded steadfastly and without pause. We survey our labours of the past half century with clear gaze and good conscience.

2. Difficulties such as attend all human rule in every age and place, have risen up from day to day. They have been faced by the servants of the British Crown with toil and courage and patience, with deep council and a resolution that has never faltered nor shaken. If errors have occurred, the Agents of my Government have spared no pains and no self-sacrifice to correct them: if abuses have been proved, vigorous hands have laboured to apply a remedy.

3. No secret of empire can avert the scourge of drought and plague, but experienced administrators have done all that skill and devotion are capable of doing, to mitigate those dire calamities of nature. For a longer period than was ever known in your land before, you have escaped the dire calamities of war within your borders. Internal peace has been unbroken.

4. In the great Charter of 1858, Queen Victoria gave you noble assurance of her earnest desire to stimulate the peaceful industry of India, to promote works of public utility and improvement, and to administer the Government for the benefit of all resident therein. The schemes that have been diligently framed and executed for promoting your material convenience and advance—schemes unsurpassed in their magnitude and their boldness—bear witness before the world to the zeal with which that benignant promise has been fulfilled.

5. The rights and privileges of the Feudatory Princes and Ruling Chiefs have been respected, preserved, and guarded; and the loyalty of their allegience has been unswerving. No man among my subjects has been favoured, molested, or disquieted, by reason of his religious belief or worship. All men have enjoyed protection of the law. The law itself has been administered without disrespect to creed or caste, or to usages and ideas rooted in your civilization; it has been simplified in form, and its machinery adjusted to the requirements of ancient communities slowly entering a new world.

6. The charge confided to my Government concerns the destinies of countless multitudes of men now and for ages to come; and it is a paramount duty to repress with a stern arm guilty conspiracies that have no just cause and no serious aim. These conspiracies I know to be abhorrent to the loyal and faithful character of the vast hosts of my Indian subjects and I will not suffer them to turn me aside from my task of building up the fabric of security and order.

7. Unwilling that this historic anniversary should pass without some signal mark of royal clemency and grace, I have directed that, as was ordered on the memorable occasion of the Coronation Darbar in 1903, the sentences of persons, whom our Courts have duly punished for offences against the law, should be remitted, or in various degrees reduced; and it is my wish that such wrongdoers may remain mindful of this act of clemency, and may conduct themselves without offence henceforth.

Gov.
Depa.

8. Steps are being continuously taken towards obliterating distinctions of race as the test for access to posts of public authority and power. In this path I confidently expect and intend the progress henceforward to be steadfast and sure, as education spreads, experience ripens, and the lessons of responsibility are well learned by the keen intelligence and apt capabilities of India.

9. From the first, the principle of representative institutions began to be gradually introduced, and the time has come when, in the judgment of my Viceroy and Governor-General and others of my counsellors, that principle may be prudently extended. Important classes among you, representing ideas that have been fostered and encouraged by British rule, claim equality of citizenship, and greater share in legislation and government. The politic satisfaction of such a claim will strengthen, not impair, existing authority and power. Administration will be all the more efficient, if the officers who conduct it have greater opportunities of regular contact with those whom it affects, and with those who influence and reflect common opinion about it. I will not speak of the measures that are now being diligently framed for these objects. They will speedily be made known to you and will, I am very confident, mark a notable stage in the beneficent progress of your affairs.

10. I recognise the valour and fidelity of my Indian troops, and at the New Year I have ordered that opportunity should be taken to show in substantial form this, my high appreciation, of their martial instincts, their splendid discipline, and their faithful readiness of service.

11. The welfare of India was one of the objects dearest to the heart of Queen Victoria. By me, ever since my visit in 1875, the interests of India, its Princes and peoples, have been watched with an affectionate solicitude that time cannot weaken. My dear son, the Prince of Wales, and the Princess of Wales, returned from their sojourn among you with warm attachment to your land, and true and earnest interest in its well-being and content. These sincere feelings of active sympathy and hope for India on the part of my Royal House and line, only represent, and they do most truly represent, the deep and united will and purpose of the people of this Kingdom.

12. May Divine protection and favour strengthen the wisdom and mutual good-will that are needed for the achievement of a task as glorious as was ever committed to rulers and subjects in any State or Empire of recorded time.

Chief Secretary to Government, Punjab.

POLITICAL DEPARTMENT.

NATIVE STATES.

The 5th November 1908.

No. 686.—*Notification*.—The following ceremonial observed at Suket on the occasion of the installation and investiture with full powers of His Highness Raja Bhim Sen of the Suket State on 28th October 1908 is published for general information.

On Wednesday, the 28th October 1908, at 10-30 A. M., His Honour the Lieutenant-Governor held a public Darbar at Suket for the purpose of formally installing Tika Bhim Sen as Raja of Suket and investing him with full powers of administration.

The Darbar was attended by the Civil and Military Officers of Government present at Suket and by the other guests and officials of the Suket State.

The entrance to the Darbar tent was lined by the troops and a Guard of Honour, with band, was drawn up outside.

The Kanwar Sahib and a high official waited on the Lieutenant-Governor at his residence at 10-15 A. M, and conducted His Honour to the Darbar. His Honour was accompanied by his personal staff and the Chief Secretary to the Punjab Government.

The Raja, accompanied by the Commissioner of the Jullundur division, met the Lieutenant-Governor as he alighted at the Darbar tent.

On the arrival of His Honour at the tent the troops presented arms, the first part of the National Anthem was played, and a salute of 15 guns was fired. The Raja conducted His Honour to his seat in the Darbar tent and all present rose.

On the right of the Lieutenant-Governor sat the Raja of Suket, the Commissioner of the Jullundur division, the relatives of the Raja and the native guests and the *Ahlkars* of the State in the order of their precedence. On the left of the Lieutenant-Governor sat the Chief Secretary to the Punjab Government, the Assistant Commissioner of Kulu and the other officers in attendance on His Honour.

Behind the seats first occupied by the Lieutenant-Governor and the Raja there was a raised dais on which were placed two chairs of State, one of which represented a *Masnad*. When all had resumed their seats the Chief Secretary to Government declared the Darbar open. The Lieutenant-Governor then addressed the Raja of Suket in Urdu, the English version of the address being as follows :—

RAJA BHIM SEN, SIRDARS AND GENTLEMEN,

We have assembled here for the performance of a ceremony which is always most important in the history of a Ruling Chief and of his State and which is of special moment in the case of the present Chief and of Suket. It is always a serious matter when a Chief is invested with the full powers of a Ruling Chief of his house, and the people of his State are made over to his charge for better or worse. In the case of Suket I am afraid that we cannot ask the Raja to model his rule on the example of his recent predecessors. The case of Raja Rudr Sen ending in his withdrawal from the State in 1878 is only too well known. He failed to secure the affection of his relatives or of his pepole and the confidence of Government. The late Raja Dasht Nikandan Sen started under more favourable circumstances and was given full powers in 1884 at the age of eighteen. He had many good qualities, but he again failed in tact as regads both his near relations and his people and his rule was marred by many unfortunate incidents. I regret on a happy and auspicious occasion to have to refer to the past, but Raja Sahib I feel that at the outset of your career I must recall those incidents to your mind. It was largely with this object that I agreed to come here and myself perform the ceremony of installation and investiture. I am sure that you will take what I say in good part. You start with more in your favour than your father and grandfather. The State is quiet, the harvest has been good, there is no dissident faction of your near relatives and no outside

clique dominates the administration. You have also had the inestimable benefit of a good education at the Aitchison Chiefs' College where you won the Godley medal for distinction in studies and you begin your career as a Ruling Chief at the age of 23 when you are capable of exercising a wiser judgment on men and things. I have heard good accounts of your career at College and I hope with some confidence that, if you will loyally, regularly and freely in all matters of importance consult the Commissioner and Superintendent, who is your sincere friend and experienced adviser, your rule will be a prosperous one and a happy page will have been opened in the history of Suket. Otherwise you know what lies before you,– the hostility of your nearest relatives, the hatred of your people, and the loss of confidence of the Paramount power in your capacity to administer the State and to be entrusted with the fortune, happiness and even life of your people. The choice now lies before you: choose wisely and you will choose well, and when I hear in future days of the prosperity of Suket and of your own good future as a ruler, the memory of this day's proceedings will ever be one of my most cherished possessions. Your State with its 55,000 people is not one of the largest, but it is one of the oldest in the province and you will rightly prize the great memories of the past and maintain the traditions for good of your ancient race. At the same time let me ask you to remember that even in the hills things are moving and we cannot stand immovable on the old ways, but must move with them. You know the blessings of education. Strive to impart these to your people. Safeguard you forests which are the heritage of future generations of rulers, and in preserving these you not only preserve the future revenues of the State but in the present benefit the existing cultivation. Suket is for a Hill State well provided with roads, and I am glad to feel that I have co-operated in improving the system by securing the improvement of the roads from Suni to Simla and from the Bhaina Khad to the Luri bridge which enable the produce of the eastern half of the State to reach the markets of Simla and Bashahr. I am ready to co-operate with you further in the future. The British Government is now assisting the States of Suket and Biláspur to supply the long felt want of a bridge over the Sutlej. The Raja of Bilaspur told me a short time ago how valuable had been the carriage of grain on camels which enabled him to cope with the recent scarcity in his State. When the bridge is built and some necessary improvements in the road have been made camels should be able to ply from Rupar and Kálka through to Kulu and carts to Mandi. This will open your State to trade and directly benefit both ruler and people in the higher prices which will be realised for the produce. The maintenance of good roads is one of the conditions of the Sanad under which you rule and nothing in the hills is of greater value to the people than the development of the country by suitable roads.

I need not impress on you the necessity for rendering pure and equal justice between man and man and between the Darbar and the people or the paramount importance of maintaining order and of conciliating and winning the affection of the people by an equitable administration of the revenue and an earnest attention to the development of irrigation and the resources of the country generally.

Raiyyat cho bekhast-o-Sultan darakht.
Darakht ai pisar bashad az bekh sakht.

In all such works and in the repression of factions and unreasonable opposition you can count on the ready help of the Government of the Punjab.

Now Raja Bhim Sen on behalf of the British Government I summon you to assume the powers and responsibilities of a Ruling Chief of the State of Suket.

All present then rose and His Honour, after placing a necklace round the Raja's neck and attaching to his turban a *Sarpech* as the insignia of Chiefship, conducted the Raja to the *Masnad*. The Chief Secretary to the Punjab Government then recited the Raja's full-title* and His Honour declared His Highness invested with the powers of a Ruling Chief of Suket. The band in attendance played and a salute of 11 guns was fired in honour of His Highness the Raja.

* His Highness Raja Bhim Sen, Chief of Suket.

The khillat of the Punjab Government was then brought in and conferred on His Highness, His Honour handing a sword of State to the Raja.

The Raja them rose and replied to His Honour's address in Urdu, the English version of the reply being as follows :—

YOUR HONOUR,

It gives me extreme pleasure to welcome you on this, your first, visit to the State of Suket, and I offer my warmest and heartiest thanks to you for having undertaken a long and tedious journey in order to install me with your own hand on the throne of my forefathers.

The Raj family to which I have the honour to belong has reigned over the State of Suket for many generations, and I can trace my descent in an unbroken line from Sena, the founder of the line of the Rajas of Suket, and I am proud to say that the Raj family, of which I am the latest representative, have always been loyal to Government, and I shall endeavour to devote my life to following the good example set by my predecessors.

I am really sorry that unfortunately the condition of the State has not been prosperous one before, but I assure Your Honour that now that I have taken over charge of the State, I shall try to the utmost of my ability to govern this country in a just and equitable manner, always with eco nomy and with a due regard to the welfare of my subjects and I trust that my efforts will meet with Your Honour's approval and that the Government will assist me by giving my authority full support.

I was formerly a pupil at the Chiefs' College at Lahore, and it is my desire to present a gold medal to be competed for by the students of that institution. I propose that with Your Honour's approval the medal should be awarded to a student who stands first in Mathematics and Science combined in the annual examination and I would ask Your Honour's permission to name my gift after Your Honou and to call it the Dane-Bhima Medal.

I shall always pray to God for the endurance of the British rule in India—a rule under which the inhabitants of this land have derived so many substantial benefits—and I assure you in my own name and on behalf of my people of our undying loyalty towards His Majesty the King Emperor and his Government.

In conclusion I wish again to thank Your Honour on behalf of my State for having graced our country with your presence and we trust that you may continue to enjoy good health, that your term of office may pass smoothly, and that we may continue to receive the ben fits of your counsel and support.

On the conclusion of His Highness' reply, the relatives of the Raja and the officials of the State were presented to His Honour by the Commissioner of Jullundur and offered *nazars* of one gold *mohar* each which were touched and remitted.

Attar and *pan* were given to the Raja and one of his guests the Rana of Dhami by His Honour, to the Kanwar Sahib by the Chief Secretary, and to the Mians and *Ahlkars* by the Mir Munshi of the Punjab Government. His Honour then left the Darbar under the ceremonies observed on his arrival.

Chief Secretary to Government, Punjab.

No. 722.—*Notification.*—Mr. V. de V. H. The 24th November 1908.

No. 729.—*Notification.*—The following rules as finally revised by the Government of India, together with the subsidiary orders passed by the Lieutenant-Governor, for the examination in vernacular languages of civilian officers filling superior appointments in the Indian Civil Veterinary Department, are published for the information of those concerned :—

RULES FOR THE EXAMINATION IN VERNACULAR LANGUAGES OF OFFICERS FILLING SUPERIOR APPOINTMENTS IN THE INDIAN CIVIL VETERINARY DEPARTMENT.

I. Every officer of the Civil Veterinary Department is required to pass an examination in the vernacular of the Province in which he is serving within two years of the date on which he is posted to the Province. Failure to pass within the prescribed period will, in the absence of such special orders as the Local Government may issue to the contrary, entail loss of appointment or stoppage of increments of pay. But the Local Government may, for special reasons, extend the period for passing in any particular

case; and the Inspector-General, Civil Veterinary Department, may also extend the period, up to a limit of three years, in respect of officers serving directly under his orders.

II. It is left to Local Governments to fix the compulsory vernacular. Subject to any orders that the Local Government in each Province may pass in this respect the compulsory vernacular in which Civil Veterinary officers are required to pass is Hindustani, except in Madras and Burma. Officers serving in Burma will ordinarily be required to pass in Burmese. Officers serving in Madras are required to pass in either Tamil, Telegu or Hindustani as the Local Government may decide.

III. The examination will be conducted by such officer or officers as the Local Government may appoint for the purpose, and will include the following subjects:—

(1) Transliteration and translation of a printed passage selected from a newspaper, suitable official report or the like.

(2) Translation into the vernacular of an English passage similarly selected.

(3) Dictation into the vernacular of a simple passage in English.

(4) Conversation in the vernacular.

Notes.—(*a*) The passages selected should be of a general character or should specially deal with veterinary matters, and not with specialised revenue or magisterial reports.

(*b*) The conversation test should show that the candidate is able to converse freely and at first hand both with the educated classes and with the village cultivators, but should not include technical expressions concerned with subjects other than veterinary science.

(*c*) It is left to Local Governments to issue instructions as to the conduct of the examination and the proportion of marks required to qualify for passing, but at least half the total marks of the examinations should be allotted for the conversation test.

IV. When an officer, who has not yet passed in his compulsory vernacular, is required by reason of transfer or for any other cause to pass in a different compulsory language, the limit of time laid down in rule I shall run from the date of the order requiring him to pass in a new language.

V. (1) An officer will receive no reward for passing the first compulsory language.

(2) For passing in any compulsory language after the first he will receive a reward of Rs. 250.

(3) For passing in any other language, a knowledge of which is in the opinion of the Local Government likely to add to his efficiency in the performance of his duties, he will receive a reward of Rs. 250 for the Lower Standard and Rs. 500 for the higher standard, the examination being on the same lines as are prescribed for members of the Indian Civil Service, subject to the observance of the instructions to Note (*a*), Rule III, in the selection of passages for the examination.

VI. In the case of officers serving directly under the Imperial Government the Government of India will exercise the powers of a Local Government under these rules.

VII. These rules will apply to civilian officers now in the Civil Veterinary Department, subject to the conditions of their respective agreements, and to such orders as they may have already received from their respective Local Governments.

SUBSIDIARY RULES.

(1) The compulsory language will be Hindustani.

(2) The Director of Agriculture assisted by the Assistant Colonization Officer, Lyallpur, will conduct the examination in this language.

(3) The examination will be held not less than once a year.

(4) It will include the testing of the candidates as to their ability to read and write the Persian script.

(5) The Director of Agriculture will allot the marks for each subject and will arrange all details as to the conduct of the examination.

(6) As a knowledge of Panjabi, Pashtu, Persian and Hindi is likely to add to the efficiency of veterinary officers the rewards mentioned in rule V will be granted for passing the examination in these languages prescribed in Army Regulations, India, volume II, appendix V; provided that no officer shall be allowed to appear for examination in Persian, Pashtu or Hindi till he has first qualified by the higher standard in Panjabi.

Substitute the following for rules VIII and IX :—

All contributions except private subscriptions and donations towards a local hospital or dispensary received by the district board or municipal committee having the management of that hospital or dispensary, whether from other local bodies or from provincial funds, shall continue as heretofore to be credited to the district or municipal fund and not to any separate fund, and all expenditure on the hospital or dispensary shall be paid from the district or municipal fund; but the district board or municipal committee shall on and from the 1st day of July 1893 open and maintain for the hospital or dispensary an account as next hereinafter provided.

(2) The account referred to in clause (1) shall be kept in the following manner:—

(*A*) On the credit side there shall be entered—

(1) on the 1st day of April in each year the amount ought, under any rule or order having the force of law, or any arrangement with the Local Government or otherwise, to be spent by the district board or municipal committee independently of the amounts next hereinafter mentioned on the hospital or dispensary during the said year; and

(*B*) On the debit side there shall be entered from time to time, as they are disbursed from the district or municipal fund, all sums expended on the hospital or dispensary.

(3) On the 31st day of March in each year the balance of the account shall be struck and the amount to credit or debit, as the case may be, shall be carried forward to the account of the following year.

AGRICULTURE.

The 12th December 1908.

No. 209.—*Notification*.—The following rules as finally revised by the Government of India, together with the subsidiary orders passed by His Honour the Lieutenant-Governor, for the examination in vernacular languages of officers of the Indian Agricultural Department are published for the information of those concerned :—

RULES.

I. Every officer of the Indian Agricultural Service is required to pass an examination in a selected vernacular language within two years of the date of his arrival in India or of his first appointment to the service, whichever is later ; but the Local Government may, for special reasons, extend the period for passing in any particular case. Failure to pass within the prescribed period will, in the absence of such special orders as the Local Government may issue to the contrary, entail loss of appointment or stoppage of increments of pay.

II. The compulsory vernacular will, for officers serving under the Government of India, be Hindustani, and, for officers serving under Local Governments, be such language as the Local Government may prescribe in each case. The examination will be conducted by such officer or officers as the Local Government may appoint for the purpose.

III. The examination will include the following subjects :—

(1) Transliteration and translation of a printed passage selected from a newspaper, suitable official report or the like.

(2) Translation into the vernacular of an English passage similarly selected.

(3) Dictation into the vernacular of a simple passage in English.

(4) Conversation in the vernacular.

NOTES.—(*a*) The passages selected should be of a general character or should specially deal with agricultural matters, and not with specialized revenue or magisterial reports.

(*b*) The conversation test should show that the candidate is able to converse freely and at first hand both with the educated classes and with the village cultivators, but should not include technical expressions concerned with subjects other than agriculture.

(*c*) It is left to Local Governments to issue instructions as to the conduct of the examination and the proportion of marks required to qualify for passing, but at least half the total marks of the examinations should be allotted for the conversation test.

IV. When an officer, who has not yet passed in his compulsory vernacular, is required by reason of transfer or for any other cause, to pass in a different compulsory language, the limit of time laid down in rule I shall run from the date of the order requiring him to pass in a new language.

V. No officer is required to pass in more than one vernacular ; but every officer is expected, in order to increase his usefulness, to make himself familiar with the vernacular of the province in which he happens to be serving. No reward will be given for passing in a first compulsory language, but for passing in any other vernacular language, a knowledge of which is, in the opinion of the Local Government, likely to add to his efficiency in the performance of his duties, an officer will receive a reward of Rs. 250 for the Lower Standard and of Rs. 500 for the Higher Standard, the examination in such cases being the same as that prescribed for members of the Indian Civil Service.

VI. In the case of officers of the Imperial Agricultural Department, the Government of India will exercise the powers of a Local Government under these rules.

VII. These rules will apply to officers now in the service, subject to the conditions of their respective agreements, and to such orders as they may have already received from their respective Local Governments.

SUBSIDIARY RULES.

1. The compulsory language will be Hindustani.

2. The Director of Agriculture assisted by the Assistant Colonization Officer, Lyallpur, will conduct the examination in this language.

3. The examination will be held not less than once a year.

4. It will include the testing of the candidates as to their ability to read and write the Persian script.

5. The Director of Agriculture will allot the marks for each subject and will arrange all details as to the conduct of the examination.

6. As a knowledge of Punjabi, Pashtu, Persian and Hindi is likely to add to the efficiency of agricultural officers, the rewards mentioned in rule V will be granted for passing the examination in these languages prescribed in Army Regulations, India, volume II, appendix V; provided that no officer shall be allowed to appear for examination in Persian, Pashtu or Hindi until he has first qualified by the Higher Standard in Punjabi.

Provided that if the objection is taken under clause (*b*) or clause (*d*) of rule 5, the Deputy Commissioner may permit the candidature to proceed, and shall, through the usual channel, obtain under the said clause (*b*) the orders of the Local Government as to any exemption from the restriction thereby imposed, or under the said clause (*d*) ascertain the opinion of the Local Government as to the effect of the alleged defect of character, and shall annul the election of any elected candidate disqualified by the decision of Government thus elicited.
